

## **Some of the feedback from my interview with Jessica Ortner, broadcast in March 2010 on the topic of 'Building Thriving and Loving Relationships'**

*"Out of all of the speakers I had the most profound healing that came from your sharing about relationships. I love your beautiful spirit and quiet calm manner in which you give out your gift of love to all. Thank you for sharing this gift with us."* Joyce Robertson, USA

*"I just finished listening to you on the summit. It was fantastic...!! Of all the tapping speakers, I related the most to yours. So thank you, I can tell you have done a tremendous amount of work on yourself, and I can see how that has helped you help others. I wish you much success, peace, health, and happiness. If you ever have any seminar in the USA, please let me know. I would love to come see and hear you in person."* Karen Proctor, Pleasantville, USA

*"I can't tell you how much I enjoyed listening to the interview ...Thank you SO much. ... I can hardly wait for the Work Book and CDs to come through to read what else you have to say. ... It was a fabulous hour and I didn't want it to stop. Thank you. ... that hour with the tapping seems to have lifted a ton off my shoulders. It is SO weird how it works. ... You should be inundated with 'thank you' emails."* Sally Cooper, Pontefract, UK

*"I've just listened to your talk about relationships on the World tapping Summit site. Your warmth, compassion, generosity and humility are inspiring, thank you so much."* Yvonne Prior, Wales

*"Wow! what a powerful interview! ... I just wanted to thank you again. ... I'm so enthused about your tapping summit interview!!"* Krissy Vera, Houston, USA

*"I found your humility, honesty and gentleness absolutely charming. You were clear and articulate. The quotes were well placed and I was left with a wonderful sense of the depth and breadth of your compassion and knowledge. My favourite bit was your use of the phrase "True Humanity", encompassing, true nature, divinity, highest potential. ... You shone."* Ranjana Appoo, Hastings, UK

*"I gained soooo much from your audio in the EFT World Summit last night. Now I realize why certain relationships of mine were not thriving. Thank you for all the tremendous insights."* Doris Will, Phoenix, USA.

*"You are a gifted therapist, and completely committed to the work you are doing. This is abundantly clear from the information you shared with us all, and the generous and heart-felt manner in which you delivered it. Thank you so much." ... "Bless you and the work you do."* Kaye Castleman

*"I wanted to write to thank you so much for your contribution to the Tapping World Summit. I've listened to a few of the other recordings but none of them elicited the kind of reaction that I got from yours. ... You have such a soothing voice and empathetic manner that I was instantly hooked and then totally bawled my eyes out from the beginning of the first round of tapping to the end of the second round of tapping. ... I really feel as though I have released something tonight and I have you to thank for it. I very much appreciate you giving your time to me through this forum and for helping me through something that was traumatic but ultimately very rewarding. I wish you love and light in spreading the word and helping more lost souls out there."* Miss C, London, UK
